

892 Snowy Owl Air Cadet Squadron

NEWSLETTER

To those of you not familiar with the Royal Canadian Air Cadet Movement, the first installment of our column is meant to enlighten.

The Air Cadet movement is a youth oriented, non profit organization, backed by the Air Cadet League of Canada and the Department of National Defense. It welcomes both males and females between the ages of twelve and nineteen. It is our intent to instill the attributes of good citizenship, physical fitness and to generate an interest in the Air element of the Canadian Armed Forces. We offer many areas of study in order to promote the Movement.

From General Knowledge, Instructional Technique, Band, Drill, Sensible Living, Marksmanship, Biathlon to Gliding and Power Flying to name just some. There are also Sports, weekend exercises, trips including a major annual excursion, and Summer Training Camps. Uniforms are supplied free of charge and the only investment by parents is minimal. Cadets are expected to demonstrate willingness to attend mandatory functions during the cadet year which, with the exception of Summer Training, follows the school year. These functions are usually fund raisers and help us to defray costs of extracurricular activities such as the annual trip, instruments and some items not covered by DND. We are fortunate in that we have the Brampton Flying Club as our sponsor, whose support is greatly appreciated by both cadets and staff.

If you think any of the above is of any interest, come out and see us. We parade on Tuesday evenings at the Squadron Headquarters at the Brampton Flying Club.

**Parade time is from 1900hrs to 2100hrs, or 7:00pm to 9:00pm.
Our Commanding Officer is Major Ken A'Hern**
